

Dr. Alba Reyes Sagiv

Dr. Alba Reyes is the first physician in Latin America to be admitted to the American Board of Hair Restoration Surgery.

Dr. Alba Reyes is the expert pioneer of Micro Follicular Unit Transplant (FUT) and Follicular Unit Extraction (FUE) in Dominican Republic. Her expertise has helped thousands of patients to replace baldness with natural hair and obtaining a more youthful look.

ABHRS/IBHRS STATEMENT

The American Board of Hair Restoration Surgery/International Board of Hair Restoration Surgery (ABHRS/IBHRS) is the largest worldwide entity to have established standards for certification for education, training and experience in Hair Restoration Surgery. Physicians who are eligible to apply for ABHRS/IBHRS certification have demonstrated the accumulation of significant experience in the field of Hair Restoration Surgery and have all shown a commitment to high standards of training and education. Those who have achieved certification have demonstrated advanced knowledge in the art and science of hair restoration through peer-reviewed examination. While there is currently no ABMS certification specific to hair restoration, the ABHRS/IBHRS is the only certification recognized by the International Society of Hair Restoration Surgery, the largest hair restoration educational organization in the world.

Dr. Reyes is a “Magna Cum Laude” medical doctor, carried out her dermatological studies at the “Instituto Dermatológico y Cirugía de la Piel” (Surgical and Dermatological Skin Institute), in Santo Domingo, the Dominican Republic. While she studied, Dr Reyes was head of residents, and for her academic achievements she was awarded the “Premio Augusto Stiefel”.
